

# Downloading and using Apple TV / Roku app with Sparq

With the Sparq Apple TV / Roku app, you can stream films from film festivals on the device of your choice. To get started, follow the instructions below.

1. Login to the festival page on a laptop/desktop/mobile device using Chrome with a Google or Apple email address of your choice.
2. Buy a ticket to the festival.
3. On your SmartTV, search for and download the “SparqFest” app for Apple TV or Roku.

**Note:** You must have the 4th or 5th version of Apple TV to download the app.

4. On your laptop/desktop/mobile device, go to the festival streaming site and login. Click your profile image(or letter) and select “Register Roku/Apple TV”
5. A 6 digit code will generate, keep this window open.
6. In the Sparq Festival Platform App, click “Account” and “Registration” in the Apple TV app, or “Login” in the Roku app.
7. When prompted, enter the 6 digit code from your computer or mobile device and click done.
8. Navigate back to your festival. You should now have access to the ticket content that you purchased.
